

Chairs -> Manual Chair -> Royal Waterfall Back

MANUAL CHAIR

A mechanism that has a wall-hugging action recline. Manually operated by a handle, which can be either situated on the left or right hand side of the chair.

Practicality and versatility combined with modern styling are the key features which make the Royal one of the most popular chairs on the market. Large supportive wings ensure the cushions are held in position while the three bolster cushions, each with its own zipped back, enable the users to create their own personalised configuration.

Weight	Seat Height	Seat Depth	Seat Width
