

Chairs -> 3 way single motor chair -> Hampton Large Wing Button Back

3-WAY SINGLE MOTOR CHAIR

A single motor chair that operates the back and legrest together. This mechanism requires 12" - 15" behind the chair to recline.

The Hampton is very similar in looks to the Regal, but the wings are larger therefore creating a back that looks neat and elegant. Its traditional style gives it a timeless look that will match many traditional 3-piece suites
