STATIC CHAIR

A chair that is upholstered to match the Rise and Recline range of chairs. This chair has no moving parts and compliments settee's to create 3 piece suites.

Practicality and versatility combined with modern styling are the key features which make the Royal one of the most popular chairs on the market. Large supportive wings ensure the cushions are held in position while the three bolster cushions, each with its own zipped back, enable the users to create their own personalised configuration.
