

Settees -> Three seater settee -> Royal Waterfall Back

### 3-SEATER SETTEE

Our most recent addition to the Rise & Recline range are the 3 seater settees. Handcrafted to compliment any of the four styles of chair that we manufacture. Available as a static, manual recline or electric recline or combination of both.

Practicality and versatility combined with modern styling are the key features which make the Royal one of the most popular chairs on the market. Large supportive wings ensure the cushions are held in position while the three bolster cushions, each with its own zipped back, enable the users to create their own personalised configuration.
