

Settees -> Three seater settee -> Hampton Large Wing Button Back

3-SEATER SETTEE

Our most recent addition to the Rise & Recline range are the 3 seater settees. Handcrafted to compliment any of the four styles of chair that we manufacture. Available as a static, manual recline or electric recline or combination of both.

The Hampton is very similar in looks to the Regal, but the wings are larger therefore creating a back that looks neat and elegant. Its traditional style gives it a timeless look that will match many traditional 3-piece suites
